## Introduction

---

I'm a passionate developer with a solid background in C/C++ and visualization tools, I consider myself as a responsible and orderly person. I would love to explore and learn new technologies and keep myself updated.

## Education

---

<b>Vijaya college, Jayanagar</b> BSc in Computer Science	2022 – 2025
<b>Vijaya PU college, Jayanagar</b> PCMC	2020 – 2022

## Experience

---

<b>Software Engineer Intern</b> , 6D technologies • Worked on visualization tools. • Learned to create dashboards for the data visualizations. • Worked on observability tools.	2024 – 2025
<b>National Service Scheme</b> , Vijaya college, Jayanagar • Participated in NSS activities. • Participated in awareness programs.	2022 – 2023

## Skills

---

Git and GitHub  
Linux commands  
Observability tools  
C/C++ programming  
Basics of java and Python

## Projects

---

<b>Radar System</b> • Arduino-based radar using ultrasonic sensors for real-time object detection and visual distance measurement. Interactive UI simulation included. • Tools used: C++, Arduino IDE
---

<b>Personal Portfolio</b> • Fully responsive and animated portfolio website built with HTML, CSS, and JavaScript to showcase personal projects and skills. • Tools used: HTML, CSS, JavaScript
--

## **Technologies**

---

**Languages:** C, C++, SQL, DBMS, Operating system, Computer Networks.

**Technologies:** Slide presentation, Microsoft 360, Microsoft SQL Server, Dashboard creation, Interface Builder.

## **Certifications**

---

Python certification course.

Web development program.

Science e-quiz certification.

Programming fundamentals of Python.
